R. DTORS.

A communication was received from the same committee, in answer to a resolution, enclosing a copy of the lease of Reservoir Square to Edward Riddle for five years, for the Industrial Exhibition, at \$1 per annum.

A debate cusued, in which Alderman Movr said that the exhibition, in the hands of Mr. Barnum, had been conducted in a manner which was not contemplated by the lease. Had the people known that such a change would take place, they northeir representatives never would have consented to give up Reservoir square for the purposes to which Mr. Barnum had devoted it. The lease specifies that the admission price at all times should not exceed 60 cents, but, in the hands of Mr. Barnum, \$1 and \$1 50 had been charged. Persons have pald 50 cents for admission to the palace, and on getting in they proceededstowards the exhibition which they actually went to witness, when they found that \$1 extra was demanded. Alderman Mott had gone there himself, and found if to be the case. Alderman Mott therefore moved a reference of the matter, and trusted that this Board and the city of New Yerk would no longer suffer themselves to be humburged by Barnum, under whose directorship the Crystal Palace had become one of the vilest places in the city. Property in that locality had been deteriorated in value and become almost useless. He would ask why? Because Mr. Barnum's the service and the city of hears to the lease to the lease of the service and the city of hears to the lease to the lease of the lease of the part of the part of the lease to the
